

FINAL REPORT
No. ZP/38/2015/CO

Assessment of the product:

AZURO CA

Applicant: Mountfield a.s.
Sales Department
Mirošovická 697
251 64 Mnichovice

Manufacturer: Mountfield a.s.
Sales Department
Mirošovická 697
251 64 Mnichovice

Report issue date: 22 April 2015

Number of annexes: 0

Report prepared by: Ing. Hana Bělohlová

Conditions for use of this Report:

This Report applies to the product specified above solely. The Report may be used only unless the manufacturing procedure has changed.

This Report or parts thereof shall be published only with the consent of the Head of the Certification Body.

The assessment is based on testing and inspection of samples of the product:

AZURO CA

Product description:

Characteristics: The product belongs to a family of swimming pool chemicals AZURO. The product prevents the formation of deposits on the walls and bottom of the pool and at the same time binds the ions of iron, manganese and copper that cause unwanted color of the water.

Appearance and composition: Clear, colorless liquid, contains etidronic acid.

Dosage: Initial dose: 100ml/10 m³ of water, maintenance dose during refilling of water during the season: 20-30 ml/1m³ of water.

I. Sample:

Azuro Ca, internal sample number 21/2015/CO.

II. Relevant documents for preparation of this Final Report:

1. Technical standards and regulations and other technical documents applicable to the product(s):

Act No. 350/2011 Coll.	on chemical substances and chemical mixtures and on amendments to some acts (Chemical Act)
------------------------	--

2. Documents submitted:

Azuro Ca product label
Safety Data Sheet – Azuro Ca

3. Test reports:

Test Report No. 42654 of 20.3.2015, Determination of the active compound using FI/MS/MS method, sample No. 21/2015/CO, issued by VUOS a.s.

4. Test site:

Výzkumný ústav organických syntéz a.s. [Research Institute of Organic Syntheses], 533 54 Rybitví 296, Analytical Testing Laboratory No. 1057

5. Test methods:

FI/MS/MS method

III. Test results and evaluation

Test	Concentration in MSDS (wt. %)	Measured value (Wt. %)
Etidronic acid	10-25	38,0*

* determined amount of active substance is within the tolerance limits given by the manufacturer

IV. Conclusion:

The product: **AZURO CA**

manufactured by: Mountfield a.s.
Sales Department
Mirošovická 697
251 64 Mnichovice

and submitted for assessment by: Mountfield a.s.
Sales Department
Mirošovická 697
251 64 Mnichovice

The product is compliant in parameters assessed according to Act No. 350/2011 Coll. on chemical substances and chemical mixtures and on amendments to some acts (Chemical Act), Material Safety Data Sheet and Instructions for Use as well as the product dosage declared by the Applicant.

*This Report is intended as a basis for issue of a Certificate confirming that the established technical requirements have been met.
The term of validity and the validity conditions will be specified in the Certificate.*
